### **Parabit Turnkey Solutions**

Parabit Visitor Management Kiosks capture detailed information by scanning driver's licenses or passports. Based on specific requirements custom to each installation, efficiently manage visitor, vendor, contractor and employee access to facilities.

Parabit Kiosks and Displays are expertly designed and constructed, incorporate the highest quality peripherals, and integrate with a variety of software applications including RightCrowd, iLobby, StopWare, Quantum Secure, Easy Lobby, All Star ID, Splan, Building Intelligence, Fast Pass, VisitorPasss, VAuthenticate, AlertEnterprise and others.

### **Features:**

- Visitor pre-registration
- Credential verification
- Visitor photo capture
- Host notifications
- Self-expiring badges
- Email/SMS notifications
- Building access control integration
- Creates watch lists
- Corporate or project branded kiosks
- Generates reports on visitor data
