

Real-Time Updates on Arrivals and Departures FOR USE IN AIRPORTS, BUS STATIONS, AND TRANSPORTATION HUBS.

Features:

- Web-based software with advanced user interfaces
- Exceptional customer support
- Fully customizable
- Simple, easy maintenance free
- Unlimited updates

Benefits

- Mitigate expenses by incorporating existing infrastructure
- Stock and custom enclosures
- Highest graded vandal resistant materials
- Durable construction, reliable function
- Parabit performs everything from site survey to installation

Integrate with Web and Mobile

Parabit **FIDS** can send status updates to your website or passenger mobile devices to download directions and simplify navigation.

The image illustrates the integration of Parabit FIDS with web and mobile platforms. On the left, a man in a suit talks on a mobile phone. In the center, a website interface displays flight information for 'bahamasair' with columns for Flight, Via, Scheduled, Expected, Status, and Gate. Below the website is a detailed view of a flight to GATE 4, FLIGHT 3286, with a scheduled time of 13:30 and an estimated time of 13:45, destined for FORT LAUDERDALE. On the right, a hand holds a smartphone displaying a mobile app interface with the text 'To: Gate 4' and 'WHERE AM I GOING?'. Arrows indicate the flow of information from the website to the mobile app.

PARABIT
Enhancing Self-Service & Improving Security

Parabit Covers All Transportation Digital Signage Needs:

- Broadcast emergency notifications to travelers
- Display current travel conditions and schedules
- Central management of scheduled announcements
- Incorporate advertising to drive revenue
- Headline news, local weather, sports scores and more

Integrate FIDs with our WayFinding Application:

It can be difficult for visitors to find their way around large terminals. Interactive touchscreens allow visitors to obtain a personalized path to their destination quickly and easily. Access to local maps for info and directions to area hotels, restaurants and rental car facilities is also available.

Digital Signage Displays

Software Installation and Support:

Installation of **FIDs** and **BIDs** is quick and easy. Parabit tech support is also available to help navigate the process through convenient remote conferencing services.
